Pennsylvania Wild Resource Conservation

Benefits the Management and Conservation of the Commonwealth's Flora and Fauna.

The Wild Resource Conservation Fund (WRCF) was established to give Pennsylvanians the opportunity to support the management of our wild resources. These include protected wildlife, which describes all forms of wildlife that are not pursued by hunters, furtakers or anglers. The number of birds, animals, fish, reptiles, and amphibians in this protected wildlife category class represents 80 percent of all wildlife in PA. The WRCF Act includes native wild plants. The administration of the WRCF is by an unpaid seven member board and a volunteer 10-member advisory committee appointed by the board. The Wild Resource Conservation Board has the responsibility of selecting studies and projects recommended by the state's resource agencies, Department of Conservation and Natural Resources, PA Fish and Boat Commission, and PA Game Commission. Through generous donations, the following are some of the projects funded: reestablish the River Otter; reintroduce the osprey; a computer database of endangered and threatened species of PA; research on endangered and threatened amphibians and reptiles of PA; numerous educational booklets and documentary videos. **The WRCF is funded entirely by donated refunds from the state tax check-off, direct contributions, and from the sale of the registration plate.**

For personalized **Wild Resource Conservation Fund** registration plates, up to **FIVE** letters and/or numbers may be used in combination. If a hyphen or space is used as part of the registration configuration, it counts as one of the available spaces for personalization. Only one hyphen or space is permitted, but not both. A pre-printed letter configuration of "**RC**" will precede your personalized configuration on your registration plate and cannot be changed. **NOTE:** Personalized WRCF registration plates depict the River Otter in an image on the left side of the registration plate.

Preserve Our Heritage

Benefits the educational and exhibit programs of the Pennsylvania Historical and Museum Commission.

You can have your very own registration plate commemorating Pennsylvania's proud railroading heritage. Whether you love trains, appreciate fine art, or like a unique registration plate, you'll want this distinctive PennDOT registration plate that features Grif Teller's famous 1928 painting *When the Broadway Meets the Dawn*. The painting depicts the Pennsylvania Railroad's Broadway Limited on its Chicago to New York run as the first light of day breaks along the Juniata River in central Pennsylvania. The registration plate reproduces the rich, deep colors of Teller's original work of art, capturing the power and speed of the onrushing locomotive. The Pennsylvania Railroad played a key role in making the commonwealth a leader in the railroading industry. The "Pennsy" story comes alive at the world-class Railroad Museum of Pennsylvania in Strasburg, Lancaster County, and in the collections of the State Archives of Pennsylvania in Harrisburg. **Your support will help underwrite the educational and exhibit programs of the Pennsylvania Historical and Museum Commission.**
